Student Enrollment

2023-24 Feeder Pattern from Elementary to Middle to High School
(Zones Approved as of May 1, 2023)

Note: Feeder patterns provide detailed information on student advancement from one level to another within a particular attendance zone based on residing address. This table uses one grade level of students to show which school they will be attending as they advance. For example, as the Kindergarten advances from Andover ES, the students will be split between Legacy (36) and Odyssey (85) Middle Schools. However, all students will be attending University High School together. An aligned feeder pattern is where 100% of the class at an elementary school advances to 1 middle school and to 1 high school.
